

## CLASS INFORMATION

### JUNIOR ART ENCOUNTERS - 5-8 years

*Our Junior Artists program seeks to give students a rounded experience of a variety of art processes that will enrich and expand their knowledge of art and ability to make it. Each term is divided into a number of units.*

*The following is the program for the next term:*

### TERM ONE 2019

#### UNIT ONE: DECORATIVE FLOWER VASES

In this three-week project students will learn how to break an image down through drawing and the effects of layering paint to achieve a range of colours whilst slowly building a finished work of art. Inspired by the painting by Marcus Oakley a UK graphic designer.

#### UNIT TWO: DRAWING REPTILIAN CREATURES

In this project students will learn how to draw a snake using a variety of mediums and approaches. Children will learn how to apply different kinds of drawing materials including pencil, pastels, ink and wash to develop a range of interesting and rich drawings.

### UNIT THREE: COLLAGE: GEOMETRIC ABSTRACTIONS

Students will assemble their own series of geometric shape abstractions using coloured tissue paper and collage. Through the process of layering shapes over each other each student will create an amazing and colourful collage artwork that will teach them about colour, creativity and above all, patience.

#### IMPORTANT TO REMEMBER:

At Art Encounters classes for Junior Artists we strive for solid and resolved artistic outcomes and ensure that we strive with passion to achieve the best results from our students. Some younger students may struggle with projects at the early stages of attending our classes but over time and in almost all cases where there may be a lack of confidence or experience, we find that they flourish and develop at an impressive rate. We really care about each and every student who comes through our door.

Please call us at any time if you would like to discuss your child's progress or any issues that they may have and we will do our best to make their experience positive.

Please ensure that your child wears old clothes and shoes to class, as paints and other materials may stain clothing.

It is required with this age group that children are delivered personally into the studio at the commencement of class and picked up from the studio at the end of class. We do not permit the 5 – 8-year olds to wait outside for parents or to leave the premises without a parent or guardian.
